

Region 10 Technical High School

August 11, 2020

Dear Region 10 Students, Parent/Guardians and Community Supporters,

At this writing, we are still unsure about what our reopening plan may be, as the districts of SAD75, Brunswick and RSU5 have not individually decided and voted to accept a plan. We applaud their cautious approach in a time of more questions than answers.

It is our sincere hope that we can have students and staff back on our campus while practicing social distancing and CDC required health protocols. We expect that this would be in a limited fashion to start due to our building space constraints.

Once we have more definitive information, we will present a preliminary draft plan to the Region 10 Cooperative Board for their review and possible approval. Once approved, information will be immediately disseminated to elicit your input, and your questions.

We all look forward to a time when we can begin the educational process in earnest, while keeping each other healthy in body and in mind.

Thank you for your patience and understanding during these uncertain times.

Sincerely,

Paul K. Perzanoski
Superintendent/Director
